

MESSAGE FROM THE PRINCIPAL

Dear Parents/Guardians,

As we approach the conclusion of another successful academic session, I extend my heartfelt gratitude to all the students, parents, teachers, and members of our school community for their unwavering support and collaboration. Together, we have navigated through challenges and triumphs, emerging stronger and more resilient.

Throughout this academic term, our dedicated teachers and diligent students have diligently worked towards enhancing learning outcomes while mitigating the impact of the ongoing pandemic and excessive reliance on technology. It brings me great joy to witness the growing confidence and achievements of our students, both academically and in various extracurricular pursuits. Notably, several of our students' STEAM projects have garnered recognition, even excelling in college-level competitions.

As we bid farewell to the current session, we eagerly anticipate the commencement of the upcoming academic year, 2081. In our quest for continual improvement, we have devised strategic plans aimed at maximizing instructional time, fostering a values-based approach, and introducing coding, robotics, and STEAM-based projects into our curriculum. Additionally, we aim to enhance the integration of technology in classroom instructions and foster stronger Parent-Teacher Interactions (PTI), thus nurturing a cohesive school community.

We are thrilled at the prospect of welcoming you and your child to our school community in 2081. Wishing you all a prosperous and Happy New Year 2081.

Warm regards,
Dwarika Nath Amgain
Principal, KMC School
